UnividualS

Expert driven Uniface Training delivered to you by Software Imaging and Unividuals

Overview

The UTA (Uniface Training Academy) offers clients the opportunity to design training programs to meet their needs. We recognise that Uniface training needs to be tailored to individual audiences and circumstance and we design training programs targeted at delegates with no experience through to seasoned engineers that lack current version knowledge.

Our most popular course delivers the perfect Introduction to Uniface 10

We proudly collaborate with Unividuals who are also Uniface specialists. Our joint expertise empowers our clients, both those already leveraging Uniface and those intending to embrace it.

Example Course - 6 Days

Days	Topic
Day 1	✔ Introduction to Uniface 10 ✔ Difference between Uniface 9 and 10 ✔ Uniface 10 IDE Walkthrough
Day 2	✔ Change in Termonology ✔ ProcScript Inheritance ✔ Changes in Triggers
Day 3	✔ Uniface Data Structure ✔ Data Models
Day 4	✔ Components in Uniface 10 ✔ Forms ✔ Services ✔ Exercises
Day 5	✔ Additional Menus ✔ Worksheets ✔ Exercises
Day 6	✔ Changes in configuration settings ✔ Packaging components in Uniface 10 ✔ Exercises

Onsite Training

Structured classroom style training courses at your workplace or designated training location. It offers immediate, hands-on experience, fosters team building, and can be tailored to company specific needs.

✓ Expert Uniface trainers
✓ Employees are onsite ready to return to work after training
✓ No additional travel expenses or disruptio to schedules

Note: Based on a maximum of 10 delegates, rates are charged on a per delegate basis, get in touch for your quote

Remote Training
(Microsoft Teams /Zoom/ Google Meet)

Split over several weeks our remote training delivered online via a tool of your choice we structure course contents again to the needs of the individuals and business.

Remote training programs teach delegates content or skills for Uniface. The training manager might be remote working from their office or home, while the delegates log in from their own machines and locations. These programs might be ideal for organisations with hybrid or remote work environments or those with multiple offices in different cities or countries.

Example Program

✓ 1-2 Days Preparation
✓ 2.5 Days Week 1
✓ 2.5 Days Week 2
✓ 6 x ¼ Days delivered over 6 weeks providing assessment and continued training

Note: This is based on a maximum of 5 delegates, rates are charged per delegate

UTA
Uniface Training Academy

1 to 1 Personal Training

Bespoke personal training – the focus is only on you and your companies needs this course is tailored to exactly meet the needs of individual delegates and organisational requirements for Uniface.

The typical course operates 1 to 1 and scheduled to meet the delegates availability every week, the schedule programs will include assessment towards individual goals and ambitions. Uniface objectives will be laid out from day 1 and we will work with the company to achieve its ambitions.

Example Program

✓ 2 Months
✓ 2 Days per week + assessment material

Note: This based on a maximum of 1 delegate, rates are charged per delegate + trainer
